
Quality Policy

We are a global detailing and BIM company servicing clients in the resources and commercial markets. Our objective is to deliver value to our clients, shareholders and employees by developing a sustainable global detailing and technology business.

Our services are delivered through the adoption and integration of our Management System, compliant with the Australian and International Standard AS/NZS ISO 9001:2015. This system ensures that effective controls are consistently applied to our work processes so that our products and services meet or exceed our client's needs and expectations.

Our Management Systems are developed and continually reviewed to maintain our commitment to:

- client intimacy, including centralised client planning, tiered segmentation and client specific team roles;
- focus on delivery to our clients an integrated detailing and BIM services to maximise efficiencies and value across the project life cycle,
- the integration of our businesses and systems for optimal efficiency;
- effective management of our capital and financial systems;
- the training and skills development of our employees necessary to support our growth;
- continually assessing, reviewing and improving the effectiveness of our Integrated Management Systems.

We value and encourage the integrity, creativity, initiative, sense of accountability and teamwork of all our personnel to achieve these quality commitments. All employees are invited and expected to share in this commitment.
